The substance belongs to group: acids (SGG1). Stow "separated from" SGG18 – alkalis (SG36). Stow "separated from" SGG6 – cyanides (SG49). "Seperated from": May not be loaded into the same transport unit.                                                                                                                                                                                 |                                  |                                                                                                                                                                                                                                                                                                                 |                                                            |  |
| <b>Placarding of the transport unit</b>                                                                                                                                                                                                                                                                                                                                                    |                             | Containers, semi-trailers and tank containers must be marked with enlarged hazard labels (placards) on all four sides. Railway wagons must at least be marked with placards on both sides. All other transport units, e.g. trucks etc., must at least be placarded on both sides and at the back. The placards must have a size of at least 250 x 250 mm, and be of such quality that the labeling is still visible after 3 months at sea. |                                  |                                                                                                                                                                                                                                                                                                                 |                                                            |  |
| <b>Foodstuff</b>                                                                                                                                                                                                                                                                                                                                                                           |                             | The substance must be kept separate from food and feedstuffs.                                                                                                                                                                                                                                                                                                                                                                              |                                  |                                                                                                                                                                                                                                                                                                                 |                                                            |  |
