| <b>Packaging</b>                        |                            | Can be packed in approved packaging according to packing instruction P906.                                                                                                                                                                                                                                                                                                                                                                 |                                |                                                                                                               |                                                              |                      |  |
| <b>Mixed packaging</b>                  |                            | The substance may be packaged with other substances in the same outer packaging if: <ul style="list-style-type: none"><li>- it is permitted to load the substances together, and</li><li>- the substances do not react dangerously with one another.</li></ul>                                                                                                                                                                             |                                |                                                                                                               |                                                              |                      |  |
| <b>Remarks</b>                          |                            | This entry shall not be used for polychlorinated biphenyls, UN 2315 (SP 203). These substances are not subject to the provisions of the IMDG Code when in concentrations of not more than 50 mg/kg (SP 305).                                                                                                                                                                                                                               |                                |                                                                                                               |                                                              |                      |  |
| <b>Properties and observations</b>      |                            | Viscous liquids with a perceptible odour. Harmful by ingestion or by skin contact. This entry also covers articles, such as transformers and condensers, containing free liquid polyhalogenated biphenyls or polyhalogenated terphenyls.                                                                                                                                                                                                   |                                |                                                                                                               |                                                              |                      |  |
